DENTAL SURGERY

Unlike other services, in-patient dental surgery can be claimed under both your hospital cover (for things like accommodation and operating theatre fees) as well as under your extras cover (your dental surgeon's bill).

You must hold eligible extras cover if you want to claim benefits for dentist or dental surgeon's fees for surgery performed in a hospital. Depending on your annual limit, you may still experience out-of-pocket costs, however these costs will be higher if you do not hold eligible extras cover.

EXCESS

An excess is a non-refundable amount of money a member agrees to pay towards the cost of services before benefits are payable when admitted to hospital. If hospitalised, the total excess amount of your cover will apply once per person per calendar year.

OUT-OF-POCKET COSTS AND HOSPITAL AGREEMENTS

Under this policy, you may have to pay out-of-pocket costs above what you get from Medicare or your private health insurer. Before you go to hospital, you should ask your doctors, hospital and health insurer about any out-of-pocket costs that may apply to you.

The benefits paid for hospital treatment will depend on the type of cover you purchase and whether your fund has an agreement in place with the hospital in which you are treated. See 'Agreement Hospitals' on **privatehealth.gov.au** for which hospitals have arrangements with your insurer.

PREGNANCY AND BIRTH

To be covered for pregnancy and birth in hospital, make sure your cover includes full benefits for these services. If not, you may wish to upgrade to a cover that includes pregnancy and birth 12 months before the date of birth of your child to minimise your out-of-pocket expenses. If you're expecting, make sure you transfer to a family membership within 2 months of the birth of your child to ensure your baby is covered.

RESTRICTED COVER

For these services, only minimum benefits are payable which means that you may have to pay significant out-of-pocket expenses in a private hospital. In a public hospital, if you elect to be a private patient, you may also have to pay out-of-pocket expenses.

SERVICES NOT INCLUDED

These services are not included in your cover. No benefits are payable for any treatment related to these services, except in the case of Accident Safeguard. Always check with us to see if you're covered before going to hospital.
